When Trust Is Everything

Memory Care

A TRADEMARK OF BETHANY LUTHERAN HOMES, INC.

A Community of Caring

Every resident brings a unique life experience. We incorporate their personal background, preferences and needs into the daily fabric of our program. We focus on what residents can do, never what they cannot. We fill the days with favorite pastimes and make sure to create plenty of meaningful moments. If you are looking for a memory care community that puts the needs of your loved one first, look no further.

- Our caregivers are trained to use creative interventions and promote a sense of independence
- Family involvement allows opportunities for fellowship and education
- Activity focused programming is tailored to a resident's abilities, preferences and interests creating opportunities for meaningful interactions
- An enclosed courtyard promises fresh air, short walks, and the natural beauty of the outdoors
- Fresh, delicious meals and snacks served in the family dining room
- Housekeeping and laundry services
- Medication management, assistance with a whirlpool bath and ongoing reassurance and comfort care
- Pastoral care services and ecumenical worship weekly
- A security system that allows maximum freedom of mobility

Eagle Crest Communities was a pioneer in creating an environment specific to the needs of a person with dementia. In 1990, our "Hearten House" model was introduced and quickly gained national attention due to the uniqueness of its design, specially trained staff and therapeutic programs. Eagle Crest continues to be the leading provider of memory care services in Western Wisconsin today.
